A Real Friend Each Week.

(And Christmas Comes But Once A Year)

When Mary Jane Smith loses heart or her head and marries the man, it's the home paper which tells about the great adventure and supplies clippings for her grandchildren to read.

Johnny Williams, who used to fish with us down on Clear Creek, may have gone away to the city and risen to be head of the works. Its only the home paper that will take time to tell the home folks about Johnny.

Tears are shed when Grandma Watkins passes on to her reward, and many feel the vacancy the patient, saintly, old woman has left. Only the home paper pauses to tell the world where she was born, when she married, and why her memory is so dearly loved by the whole neighborhood.

Everything from a presidential message to a pie supper report is to be found in your weekly newspaper. And, best of all, it's a newsy, chatty friend which drops in to see you every week in the year, good weather and bad, carrying the news of what other folks are doing and helping make life more interesting.

You cannot well do without your home paper, the Mirror, nor can it do without you.

Another Friend Worth Having.

Next to your home newspaper in interest comes a real, live, farm paper.

Every progressive man enjoys reading the views and opinions of other men especially if he knows them to be practical men who have succeeded and have made money in their particular line of farming. And especially does he enjoy such a farm paper if he knows that such men are talking about how to make money with dairy cows, chickens, or hogs right here in the Ozarks and not "somewhere" in Kansas, Iowa, or Illinois.

Such a paper published by Ozark farmers for the men of the Ozarks is the Ozark Countryman. Coming twice a month, it carries the latest information as to the growing of Ozark grasses, the production of Ozark livestock, and all the most practical information available which will help make more money for you on your own farm.

A farm paper which supplies practical information from practical farmers is rare. You may secure such a paper along with your home paper at a Special Holiday Rate.

For a limited time only we are offering the Mirror and the Ozark Countryman both one year for \$1.50.

If you will call at this office the next time you are in town or mail us the coupon below, you will receive your own, home, weekly newspaper and your own, home, farm paper for one whole year. And since every one is getting ready for Christmas, what would make a better Christmas present?

Editor the Mansfield Mirror, Enclosed please find \$1.50 for a year's subscription to the Mirror and the Ozark Countryman.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand evil, succeeding attack and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of bad colds may be had for a trifle?

RECORD OF THE PAST.

No Stronger Evidence Can Be Had.

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Anyone with a bad back; any reader suffering from urinary troubles, from kidney ill, should find comforting words in the following statement.

R. L. Martin, carpenter, Cabool, Mo., says: "Doan's Kidney Pills certainly are a fine old kidney remedy and I am glad to say a good word in praise of them. Some time ago my back and kidneys were all out of sorts. When I tried to bend over it hurt my back and sharp pains would shoot up through my back and I could hardly straighten up. My kidneys were in bad shape and caused me to feel miserable. One box of Doan's Kidney Pills cured me of this trouble. Doan's are certainly a fine kidney remedy."

The above statement was given July 28, 1916 and on January 12, 1920, Mr. Martin said: "I haven't had any further need of a kidney remedy since I recommended Doan's Kidney Pills. I am glad to confirm all I said at that time." 60c at all dealers. Foster-Milburn Co., Mfrs. Buffalo, N. Y.—Adv. No. 56

Newspaper Reading as a Tonic.

If the Ozark Press Association was not notable for anything else it would be notable for its treasurer. He is Prof. William H. Lynch, visitor for the South west Missouri Teachers' College, and connected with the newspaper profession in an honorary way through having been the first educator to introduce the newspaper into the schools as an educational movement, and also because he takes more newspapers than any other man in the country about 115.

It is this latter fact that justifies bringing Prof. Lynch into an editorial. He takes 115 newspapers. Not only does he take them, but he reads them. Not every word, of course, but no really worth while article in any of them escapes his notice. And he is 53 years of age two years older than Chamberlain!

Today, when the members of the Ozark Press Association meet in Joplin for a biennial session, is a good time to suggest that possibly one explanation for Prof. Lynch's continued energy and vitality at 53 is due to his long interest in and reading of newspapers. We are perfectly serious. Readers of newspapers are keeping abreast of life as it is being lived, and keeping up with life is one recipe for health. Prof. Lynch is an educator, and he might have restricted his reading to education al books and pamphlets and maintained he was doing all the reading his profession demanded. He might, that is, if he were a different sort of man who did not believe that real education is to be gathered from newspapers. But he is not this other sort of man, so he sticks to to newspapers, believes in them and reads them by the hundred and is interested and interesting at 53. Joplin Globe, Nov. 24.

When You Are Constipated

To insure a healthy action of the bowels and correct disorders of the liver, take two of Chamberlain's Tablets immediately after supper. They will not only cause a gentle movement of the bowels, without unpleasant effects, but banish that dull, stupid feeling, that often accompanies constipation.
